PROFILE SUMMARY

Motivated final-year Computer Science student with a strong foundation in Object-Oriented Programming, C#, and SQL. Experienced in building backend systems and web applications using ASP.NET Core MVC and 3-layer architecture, with additional exposure to Android and web development. A quick learner with a strong eagerness to write clean, efficient code and grow as a professional .NET Developer.

CORE STRENGTHS

- Solid grasp of Object-Oriented Programming (OOP) fundamentals and clean coding practices
- Strong problem-solving and logical thinking, with a detail-oriented approach to development
- Quick learner, adaptable to new frameworks, tools, and project requirements
- Collaborative team player, comfortable working in a fast-paced, deadline-driven environment

KEY SKILLS

- **Programming Languages:** C#, Java, C++, JavaScript (Basics), PHP
- **Backend & Architecture:** ASP.NET Core MVC, Object-Oriented Programming (OOP), 3-Layer Architecture, RESTful APIs, MVC Architecture
- **Database:** SQL, MySQL, Firebase Realtime Database
- **Web Development:** HTML5, CSS3, JavaScript, Bootstrap, RESTful APIs
- **Tools & IDEs:** Visual Studio, VS Code, Android Studio, IntelliJ IDEA, GitHub, Firebase Console

ACADEMIC & TECHNICAL PROJECTS

- **Task Manager – .NET Core MVC Web App:** Built a task management system with ASP.NET Core MVC following 3-layer architecture (Presentation, Business Logic, Data Access). Integrated RESTful API endpoints and a MySQL database for full CRUD operations.
- **AV Messenger – Real-Time Chat App:** Developed a real-time messaging app in Java, applying OOP principles and MVC-style structure with Firebase Realtime Database and Authentication for data handling and secure login.
- **ShopEase – E-Commerce Android App:** Built a shopping app with product listings, cart management, and role-based access for users and admins, backed by Firebase for backend data handling.
- **QuizMaster – Android Quiz App:** Developed a quiz application in Java with SQLite for local data persistence, applying OOP design and structured data modeling.

EDUCATION

- **BS Computer Science** (2023 – 2027) — National University of Modern Languages (NUML)
- **ICS Physics** (2021 – 2022) — Punjab Group of Colleges
- **Matriculation** (2019 – 2020) — M.N Education Campus School

ADDITIONAL INFORMATION

- **Languages:** English (Proficient), Urdu (Native)
- **Interests:** Backend Development, C# & .NET Technologies, Problem Solving, Open-Source Contribution, UI/UX Design
