PROFILE SUMMARY

Detail-oriented Computer Science student with a strong foundation in software development and a growing focus on software quality assurance. Skilled in manual testing techniques including functional, regression, smoke, and sanity testing, with hands-on experience identifying bugs, verifying requirements, and ensuring application reliability. Comfortable using bug tracking tools such as Jira, Trello, and Bugzilla, with strong communication, teamwork, and adaptability in fast-paced development environments.

SKILLS

- **QA & Testing:** Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Test Case Design, Bug Reporting & Tracking
- **Bug Tracking & PM Tools:** Jira, Trello, Bugzilla
- **Programming Languages:** Java, C++, C#, JavaScript (Basics), PHP
- **Mobile Development:** Java (Android), Android Studio, Android SDK, XML Layouts, Firebase (Realtime DB, Auth)
- **Web Development:** HTML5, CSS3, JavaScript, Bootstrap, RESTful APIs
- **Backend & Architecture:** MVC Architecture, 3-Layer Architecture, MVC .NET Core, RESTful APIs
- **Database:** Firebase Realtime Database, MySQL, SQLite
- **Tools & IDEs:** Android Studio, VS Code, IntelliJ IDEA, CLion, Firebase Console, GitHub
- **Soft Skills:** Strong Communication, Teamwork, Adaptability, Attention to Detail, Problem Solving

ACADEMIC PROJECTS

QuizMaster – Android Quiz App

An interactive quiz application developed in Java for Android. Features multiple categories, score tracking, and a timer-based challenge mode. Utilized SQLite for local data persistence and XML for dynamic UI rendering.

ShopEase – E-Commerce Android App

An Android shopping app featuring product listings, cart management, and order placement. Built with Java and Firebase for backend data handling, with a clean Material Design UI and role-based access for users and admins.

Manual Test Case Suite – Academic QA Exercise

Designed and executed a structured manual test case suite for a sample web application, covering functional, regression, smoke, and sanity testing scenarios. Logged and tracked defects using Jira, documented expected vs. actual results, and verified fixes through retesting to ensure requirement coverage.

Bug Reporting & Defect Lifecycle Tracking

Practiced end-to-end defect lifecycle management on academic projects — identifying issues, writing clear bug reports, prioritizing severity, and tracking resolution using Jira and Trello.

EDUCATION

BS Computer Science

National University of Modern Languages (NUML)

2023 – 2027

ICS Physics

Punjab Group of Colleges

2021 – 2022

Matriculation

M.N Education Campus School

2019 – 2020

ADDITIONAL INFORMATION

Languages: English (Proficient), Urdu (Native), French

Interests: Software Quality Assurance, Mobile App Development, Open-Source Contribution, UI/UX Design, Learning Flutter
