PROFESSIONAL SUMMARY

Final-year Computer Science student at National University of Modern Languages (NUML), Lahore, with hands-on experience in software development, web applications, databases, and mobile application development. Skilled in building full-stack applications using PHP, MySQL, Firebase, Java, JavaScript, and Python. Passionate about creating scalable software solutions and continuously learning modern technologies in mobile, backend, and AI-driven systems.

EDUCATION

National University of Modern Languages (NUML), Lahore
Bachelors of Science in Computer Science
CGPA: 3.63/4.00

2023-2027

TECHNICAL SKILLS

- **Programming Languages** – Java, Python, JavaScript, C++, C#
- **Web Development** – HTML5, CSS3, PHP
- **Mobile Development** – Android Development, Flutter, Firebase
- **Databases** – MySQL, SQL Server
- **Machine Learning** – Feature Engineering, Data Preprocessing, ML Fundamentals
- **Tools & Technologies** – Git, GitHub, Android Studio, VS Code

PROJECTS

Lost and Found Management System

- Developed a centralized platform for reporting, tracking, and recovering lost items efficiently.
- Implemented role-based functionality for users and administrators to manage item listings and reports.
- Designed a relational database schema for storing user profiles, item records, and recovery reports.

Android-Based Real-Time Chat Application

- Developed a real-time messaging application using Firebase Authentication and Firebase Realtime Database.
- Implemented secure user authentication, instant messaging, multimedia sharing, and push notifications.
- Designed and developed 10+ mobile application screens with a responsive user interface.

Smart Banking & Finance Management Web App

- Developed a full-stack banking and finance management platform with secure authentication features.
- Implemented transaction tracking and fund transfer functionality.
- Designed responsive user interfaces and integrated backend logic.

CERTIFICATIONS

- **Microsoft** – Foundational C# Certification
- **Kaggle** – Feature Engineering Micro-Certification
- **Harvard University** – CS50: Introduction to Computer Science
