PROFILE SUMMARY

Driven and enthusiastic Computer Science student with a strong focus on Android App Development and modern mobile technologies. Skilled in Java, Android Studio, Firebase, RESTful APIs, MVC architecture, and backend integration, with additional knowledge of web development, and C#.NET Core. Passionate about creating efficient, user-friendly and cross-platform mobile applications and continuously learning emerging technologies to grow as a professional software developer.

SKILLS

Mobile Development: Java (Android), Android Studio, Android SDK, XML Layouts, Firebase (Realtime DB, Auth), Android SDK
Programming Languages: Java, C++, C#, JavaScript (Basics), PHP
Web Development: HTML5, CSS3, JavaScript, Bootstrap, Next js, RESTful APIs
Backend & Architecture: MVC Architecture, 3-Layer Architecture, MVC .NET Core, RESTful APIs
Database: Firebase Realtime Database, MySQL
Tools & IDEs: Android Studio, VS Code, IntelliJ IDEA, CLion, SQL Lite, Firebase Console, GitHub
Learning: Flutter, Dart, Cross-Platform Development

ACADEMIC PROJECTS

AV Messenger – Real-Time Chat App

A fully functional real-time messaging application built in Java using Android Studio. Implemented Firebase Realtime Database for instant message syncing, Firebase Authentication for secure user login and registration, and XML-based UI for a clean, responsive chat interface.

ShopEase – E-Commerce Android App

An Android shopping app featuring product listings, cart management, and order placement. Built with Java and Firebase for backend data handling, with a clean Material Design UI and role-based access for users and admins.

QuizMaster – Android Quiz App

An interactive quiz application developed in Java for Android. Features multiple categories, score tracking, and a timer-based challenge mode. Utilized SQLite for local data persistence and XML for dynamic UI rendering.

Task Manager – .NET Core MVC Web App

A web-based task management system developed with ASP.NET Core MVC, following 3-layer architecture (Presentation, Business Logic, Data Access). Integrated RESTful API endpoints and MySQL database for full CRUD operations.

Portfolio Website

A personal portfolio website built with HTML5, CSS3, JavaScript, and Bootstrap showcasing projects, skills, and contact information with a fully responsive design.

EDUCATION

BS Computer Science

National University of Modern Languages (NUML)

2023 – 2027

ICS Physics

Punjab Group of Colleges

2021 – 2022

Matriculation

M.N Education Campus School

2019 – 2020

ADDITIONAL INFORMATION

Languages: English (Proficient), Urdu (Native), French (Basic)

Interests: Mobile App Development, Open-Source Contribution, UI/UX Design, Learning Flutter
